

HONTEC HY-R260

HY-260 6 Colours Rotary Letterpress

Printing capability

Printing: 6-12 colour letterpress
1 colour flexo varnish

Web width: 260 mm
Material thickness: 0.025 – 0.5 mm
Foil from approx: 0.025 mm (25 micron)
(depending on elasticity module)

Printing width: 250 mm

Air cooling / UV curing system: 5 kW x 6
7 kW x 1

Gearing / repeat size

Printing gear: 190.5 mm – 460.4 mm
(60z - 145z)

Central impression drum: Ø 1000 mm 1/8 cp gear

Other information

Ink applicable: UV letterpress ink
UV flexo varnish

Rated speed: Max. 100 m/min

Unwind capacity: Ø650 mm

Rewind capacity: Ø650 mm

Max. power requirement (with UV system)

3 phase 380V/440V 50/60 Hz 50 kVA – 100 kVA

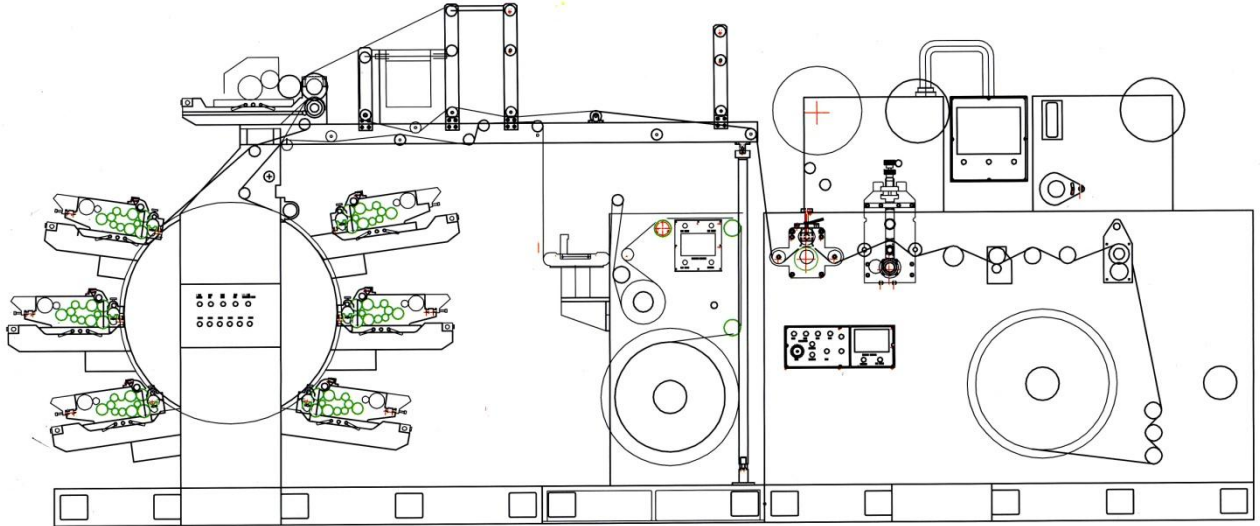

Floor bearing requirement

18 kN / sqm

Length of machine: 5.4 m

Standard Equipment HY-260 6 Colours

9.5 kW main motor

3 inch unwinder / rewinder

Auto tension control system

Lamination unit

Rotary die cut unit

Waste rewriter

Splicing table

Web guide system

Ø 1000 mm central impression drum

6 letterpress printing stations

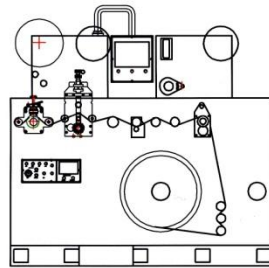

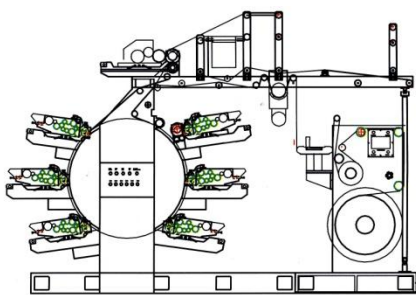

Back slitter

1 colour flexo varnish

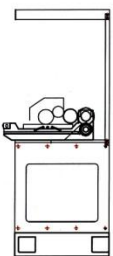

6 UV curing units 5 kW

1 UV curing unit 7 kW

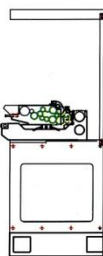

Flexible Machine - up to 12 Colours

1. Flexo varnish unit
2. Letterpress unit
3. Digital printing unit
4. Silk screen printing unit
5. Stacked units
6. Sheeter unit
